6 February 1970

MEMORANDUM FOR: Projects & Programs Staff, TSSG

ATTENTION : [REDACTED]

SUBJECT : Intelligence Briefing Course

You have requested nominations from RED to attend the Intelligence Briefing Course to be given in the Center starting 24 February 1970. We are recommending that [REDACTED] be enrolled. We would have additional candidates except that a large portion of the R&D budget has yet to be put under contract, and the majority of our project officers are critically needed to implement that task. [REDACTED] does not fall into that category. As a consequence, we are recommending his attendance. The standard request for internal training is attached.

[REDACTED]  
Deputy Chief,  
Research & Engineering Division

Attachment: a/s
